

New Tap and Jazz Combo Classes:

CDA will be offering new and exciting Tap and Jazz Combination (Combo) classes in 2018 for our Mini's, Sub Junior, Junior and Intermediate age groups. The Combo classes will be an hour in duration – 30 minutes of Tap followed by 30 minutes of Jazz Dance (45mins per style for Intermediates, 1.5hour class). These are open classes designed to give students the diversity of learning 2 styles in the one class. Combo classes are a fantastic way to either try different styles or it might be joining your two favourite styles together. It is a class that can complement a CSTD syllabus class or can build you up to join a syllabus class. CDA recommends our Jazz dancers attend a ballet class weekly to learn and secure their dance technique.
